CURRICULUM VITAE
MAX RENTMEESTER

My name is Max Rentmeester and I am 25 years old. I am a designer focussing on interactive, spatial and visual design. Born and raised in Eindhoven, based in Rotterdam.

The main focus of my work is creating experiences for a user by means of different kinds of interfaces, critiquing and exposing modern technologies.

My work is research based, combined with the exploration of various technologies. This combination results in concepts being visually expressed trough various media.
